

## **Pigmeat Recall Scheme Trader Notice No. 13/2009**

### **Processors of Secondary Pigmeat Products**

Queries have been made regarding the appropriate valuation to be used for finished goods that never left processors' control when submitting final claims for payment (PRS 7 forms).

The basis for valuation remains as set out in the Trader Notices that issued for the Second Interim Payment and Final Payment. However, for the avoidance of doubt, please note that the rate used should be **no greater** than the wholesale market price for the product concerned in the week leading up to the 6th December (Wk 49), as recorded and verifiable by the applicant. The rate used should be verifiable by reference to invoiced sales in this period, or the nearest relevant period. Claims for payment will be subject to spot-check by independent audit and in cases selected for audit the basis for valuations used will be examined.

For any further information relating to this notice or the Pigmeat Recall Scheme, please contact the Scheme Unit at (053) 9163335.
