

**Department of Agriculture, Food and the Marine.**

**Trader Notice: MH 5/2014**

**To: Operators of all approved meat establishments**

**Subject: Ban on the export of Pork and Pork products from the  
European Union to the Russian Federation**

Following the discovery of two cases of African Swine Fever in Wild Boar in Lithuania (borders of Belarus), the Russian Federation have imposed a ban on the export of pigs, pork, pork products and pork reproductive material certified from the European Union.

The ban applies to any pigs, pork, pork product & pork reproductive material certified after 26<sup>th</sup> January 2014 and is applicable until further notice.

Further updates will follow when available.
