20th January 2014

Your Ref: T12/330

Ms Karen Gill
Aquaculture & Forshore Management Division
National Seafood Centre,
Clogheen,
Clonakilty,
Co. Cork

Dear Karen

In response to your letter of 15th January 2014 and a request for "some additional information", I now supply the following.

The projected production tonnage for 5 years could be 5,000 tonnes or 1,000 tonnes per annum.

The source of seed (if available) would be Irish Coastal waters.

I would expect this project to generate employment for an additional 3 full time jobs and 4 part time jobs as it would integrate into our business.

Due to the operational techniques of our business, we will access the site by boat and by sea.

I hope this helps to progress the application and please feel free to contact me for any further details you may require.

Yours Sincerely
