REGULATION (EU) No 1310/2013 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL
of 17 December 2013

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Articles 42 and 43(2) thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Having regard to the opinion of the European Economic and Social Committee (1),

Acting in accordance with the ordinary legislative procedure,

Whereas:

(1) Regulation (EU) No 1305/2013 of the European Parliament and of the Council (2), which is to apply from 1 January 2014, lays down rules governing Union support for rural development and repeals Council Regulation (EC) No 1698/2005 (3), without prejudice to the continued application of the Regulations implementing that Regulation until they are repealed. To facilitate the transition from existing support schemes under Regulation (EC) No 1698/2005 to the new legal framework which covers the programming period starting on 1 January 2014 ("the new programming period”), transitional rules should be adopted to avoid any difficulties or delays in the implementation of rural development support which may be caused as a result of the date of adoption of the new rural development programmes. For that reason, Member States should be allowed to continue to undertake legal commitments under their existing rural development programmes in 2014 for certain measures and the resulting expenditure should be eligible for support in the new programming period.

(2) In view of the substantial change in the method for the delimitation of areas facing significant natural constraints in the new programming period, the obligation imposed upon the farmer to continue farming in the area for five years should not apply to new legal commitments undertaken in 2014.

(3) To ensure legal certainty in the transition, certain expenditure undertaken pursuant to Regulation (EC) No 1698/2005 should be eligible for a European Agricultural Fund for Rural Development (EAFRD) contribution in the new programming period where there are still payments to be made. This should also cover certain long-term commitments under similar measures provided for in Council Regulation (EEC) No 2078/1992 (4), in Council Regulation (EEC) No 2080/1992 (5) and in Council Regulation (EC) No 1257/1999 (6) where those measures were receiving support under Regulation (EC) No 1698/2005 and there are still payments to be made in 2014. In the interest of sound financial management and effective programme implementation, such expenditure should be clearly identified in the rural development programmes and throughout the management and control systems of the Member States. In order to avoid unnecessary complexity in the financial management of rural development programmes in the new programming period, the co-financing rates of the new programming period should apply to transitional expenditure.

(4) In view of the serious difficulties that a number of Member States still face with respect to their financial stability, and in order, during the transition from the current to the new programming period, to limit the negative effects resulting from those difficulties by allowing for maximum utilisation of the EAFRD funds

available, it is necessary to extend the duration of the
derogation which increases the maximum EAFRD
contribution rates provided for in Article 70(4c) of Regu-
lration (EC) No 1698/2005 to the final date of eligibility
of expenditure for the 2007-2013 programming period,
namely to 31 December 2015.

(5) Regulation (EU) No 1307/2013 of the European
Parliament and of Council (1), which sets up new
support schemes is to apply from 1 January 2015.
Council Regulation (EC) No 73/2009 (2) therefore
continues to form the basis on which income support
will be granted for farmers in calendar year 2014, but
due account should be taken of Council Regulation (EU)
No 1311/2013 (3). In order to ensure consistency in the
implementation of the provisions on cross-compliance
and respect of the standards required by certain
measures, it should be provided that the relevant
provisions that apply in the 2007-2013 programming
period continue to apply until the new legislative
framework becomes applicable. For the same reasons,
the provisions relating to complementary national
direct payments for Croatia that apply in 2013 should
continue to apply.

(6) Regulation (EU) No 1306/2013 of the European
Parliament and the Council (4), which gives Member States the
possibility to pay advances for the direct payments.
Under Regulation (EC) No 73/2009, the exercise of that
possibility needs to be authorised by the Commission.
Experience gained in the implementation of direct
support schemes has shown that it is appropriate to
allow for farmers to receive advance payments. As
regard applications made in 2014, those advances
should be limited to up to 50 % of the support
schemes listed in Annex I to Regulation (EC)
No 73/2009 and to up to 80 % of the beef and veal
payment.

(7) In order to comply with Regulation (EU) No 1311/2013
and in particular the levelling of the amount available for
granting direct support to farmers as well as the external

(1) Regulation (EU) No 1307/2013 of the European Parliament and of the
Council of 17 December 2013 establishing rules for direct
payments to farmers under support schemes within the framework
of the common agricultural policy and repealing Council Regulation

(2) Council Regulation (EC) No 73/2009 of 19 January 2009 estab-
lishing common rules for direct support schemes for farmers
under the common agricultural policy and establishing certain
support schemes for farmers amending Regulations (EC)
p. 16).

down the multiannual financial framework for the years 2014–2020
(See page 884 of this Official Journal).

(4) Regulation (EU) No 1306/2013 of the European Parliament and of
the Council of 17 December 2013 on the financing, management
and monitoring of the common agricultural policy and repealing
No 483/2008 (See page 549 of this Official Journal).

convergence mechanism, it is necessary to modify the
national ceilings fixed in Annex VIII to Regulation (EC)
No 73/2009 for 2014. The modification of the national
ceilings will inevitably have an impact on the amounts
that individual farmers may receive as direct payments in
2014. The way in which this modification will impact on
the value of payment entitlements and the level of other
direct payments should therefore be laid down. In order
to take account of the situation of smaller farmers,
especially as no modulation or adjustment mechanism,
including in particular the exemption of direct payments
up to EUR 5 000 from such mechanism, is applicable in
2014, Member States which do not grant a redistributive
payment and which do not opt for transferring funds to
rural development support via the flexibility mechanism
should be allowed not to reduce the value of all payment
entitlements.

(8) Certain provisions of Regulation (EC) No 73/2009, in
particular as regards the elements covered by the
figures set out in Annex VIII to that Regulation and
the link with the possibility given to Member States to
use the funds unspent in the single payment scheme to
finance the specific support, should be clarified on the
basis of experience gained in the financial implemen-
tation of that Regulation.

(9) Under Regulation (EC) No 73/2009, Member States could
decide to use a certain percentage of their national ceiling
for specific support for their farmers, as well as to review
a previous decision by deciding to modify, or put an end
to, such support. It is appropriate to provide for an
additional review of those decisions, with effect from
calendar year 2014. At the same time, the special
conditions set out in Article 69(5) of Regulation (EC)
No 73/2009 pursuant to which the specific support is
paid in some Member States, which are due to expire
in 2013, need to be extended for one more year, in order
to avoid disruption in the degree of support. In view of
the introduction of the voluntary coupled support that
will be available from 1 January 2015 for certain sectors
or regions in clearly defined cases, it is appropriate to
allow Member States to increase the level of certain types
of specific support under Article 68 of Regulation (EC)
No 73/2009 to 6.5 % in 2014.

(10) The unitary support to farmers with smaller holdings
should be sufficient in order to achieve the objective of
income support effectively. As no modulation or
adjustment mechanism, including in particular the
exemption of direct payments up to EUR 5 000 from
such mechanism, is applicable in 2014, Member States
should be allowed already in 2014 to redistribute direct
support between farmers by granting them an extra
payment for the first hectares.
With a view to allowing Member States to address the transitional national aid is to be granted subject to the single area payment scheme laid down in Regulation (EC) No 73/2009 should be extended by one year. Moreover, in order to take account of ongoing land restructuring and for reasons of simplification, the eligible agricultural area in those Member States should also include those eligible areas which were not in good agricultural condition on 30 June 2003, as will be the case from 1 January 2015 under Regulation (EU) No 1307/2013.

In accordance with Article 133a of Regulation (EC) No 73/2009, new Member States other than Bulgaria and Romania applying the single area payment scheme may grant transitional national aid to farmers in 2013. In view of the prolongation of the single area payment scheme for the year 2014, those Member States should retain that possibility in 2014. In view of the level of complementary national direct payments under Article 132 of Regulation (EC) No 73/2009 in Bulgaria and Romania in 2014, those Member States should be able to opt for transitional national aid in 2014 instead of granting complementary national direct payments.

Transitional national aid is to be granted subject to the same conditions as those applied to this aid in 2013 or, in the case of Bulgaria and Romania, subject to the same conditions as those applied to complementary national direct payments in 2013. However, in order to simplify the management of the transitional national aid in 2014, the reductions referred to in Article 132(2) in conjunction with Articles 7 and 10 of Regulation (EC) No 73/2009 should not be applied. Furthermore, in order to ensure that the transitional national aid is coherent with the convergence mechanism, the maximum level of aid per sector should be limited to a certain percentage. In view of the difficult financial situation in Cyprus, certain adaptations should be provided for that Member State.

With a view to allowing Member States to address the needs of their agricultural sectors or to strengthen their rural development policy in a more flexible way, they should be given the possibility to transfer funds from their direct payments ceilings to their support assigned for rural development and vice versa. At the same time, those Member States in which the level of direct support remains lower than 90 % of the Union average level of support should be given the possibility to transfer additional funds from their support assigned for rural development to their direct payments ceilings. Such decisions should be made, within certain limits, for the whole period of financial years 2015-2020, with the possibility of review in 2017, provided that any decision based on such review does not entail any decrease in the amounts assigned for rural development.

Directive 2000/60/EC of the European Parliament and of the Council (1) provided for the repeal of Council Directive 80/68/EEC (2) with effect from 22 December 2013. In order to maintain the same rules under cross-compliance related to protection of groundwater as those laid down in Directive 80/68/EEC on the last day of its validity, it is appropriate to adjust the scope of cross-compliance and to define a standard of good agricultural and environmental condition that covers the requirements of both Article 4 and Article 5 of that Directive.

Regulation (EU) No 1308/2013 (5) of the European Parliament and of the Council provides for support for silkworm rearing to be integrated into the direct support regime and, consequently, for its removal from Regulation (EU) No 1308/2013. In view of the delayed application of the new direct support regime, aids in the silkworm sector should continue for one more year.

Finland has been authorised to pay national support to certain agricultural sectors in southern Finland in accordance with Article 141 of the 1994 Act of Accession. Taking into account the timing of the CAP reform, and due to the fact that the economic situation of agriculture in southern Finland is difficult and that the producers are, therefore, still in need of specific support, it is appropriate to provide for integration measures whereby Finland may, in accordance with Article 42 of the Treaty on the Functioning of the European Union, be authorised by the Commission to grant national aid in

southern Finland under certain conditions. Income aid should be gradually reduced over the whole period and, by 2020, should not exceed 30% of the amounts granted in 2013.

(19) The provisions on the farm advisory system, the integrated administration and control system and cross-compliance laid down in Title III, Chapter II of Title V and Title VI, respectively, of Regulation (EU) No 1305/2013 should apply from 1 January 2013.

(22) In order to allow for the prompt application of the transitional provisions envisaged, this Regulation should enter into force on the day of its publication and should apply from 1 January 2014. In order to avoid any overlap between the rules on flexibility between pillars laid down in Regulation (EC) No 73/2009 and Regulation (EU) No 1307/2013 as amended by this Regulation, that particular amendment to Regulation (EC) No 73/2009 should apply from 31 December 2013 and the amendments to Regulation (EU) No 1307/2013, should apply from the date of entry into force of that Regulation. Furthermore, the amendments to Annexes II and III to Regulation (EC) No 73/2009, which aim to ensure the continuation of the current rules on cross-compliance, should apply from the date of repeal of Directive 80/68/EEC, namely 22 December 2013.

(23) Taking into account the fact that 2014 will be a transitional year during which Member States will have to prepare the full implementation of the CAP reform, it is important to ensure that the administrative burden resulting from the transitional arrangements laid down in this Regulation is kept to the absolute minimum.

HAVE ADOPTED THIS REGULATION:

CHAPTER I

Article 1

Legal commitments under Regulation (EC) No 1698/2005 in 2014

Without prejudice to Article 88 of Regulation (EU) No 1305/2013, Member States may continue to undertake new legal commitments in relation to beneficiaries in 2014, in relation to the measures referred to in Article 20, with the exception of points (a)(iii), (c)(i) and (d) thereof, and in Article 36 of Regulation (EC) No 1698/2005, pursuant to the rural development programmes adopted on the basis of that Regulation even after the financial resources of the 2007-2013 programming period have been used up, provided that the application for support is submitted before the adoption of the respective rural development programme for the 2014-2020 programming period.

Without prejudice to Point E of Annex VI to the 2012 Act of Accession and the provisions adopted on the basis thereof, Croatia may continue to undertake new legal commitments in respect of beneficiaries in 2014 in relation to the measures referred to in points (a) and (c) of Article 171(2) of Commission Regulation (EC) No 718/2007 (1), pursuant to the Instrument for Pre-Accession Assistance on Rural Development (IPARD) programme adopted on the basis of that Regulation even after the relevant financial resources of that programme have been used up, provided that the application for support is submitted before the adoption of its rural development programme for the 2014-2020 programming period.

The expenditure incurred on the basis of those commitments shall be eligible in accordance with Article 3 of this Regulation.

2. The condition set out in the second indent of Article 14(2) of Regulation (EC) No 1257/1999 shall not apply to new legal commitments undertaken by Member States under points (a)(i) and (ii) of Article 36 of Regulation (EC) No 1698/2005 in 2014.

(b) for payments to be made after 31 December 2015, and, in the case of Croatia, after 31 December 2016.

This paragraph shall also apply to legal commitments to beneficiaries undertaken under corresponding measures provided for in Regulations (EC) No 1257/1999, (EEC) No 2078/1992 and (EEC) No 2080/1992 which are receiving support under Regulation (EC) No 1698/2005.

2. The expenditure referred to in paragraph 1 shall be eligible for an EAFRD contribution in the 2014-2020 programming period, subject to the following conditions:

(a) that such expenditure is provided for in the respective rural development programme for the 2014-2020 programming period;

CHAPTER II
AMENDMENTS

Article 5
Amendments to Regulation (EC) No 1698/2005
Article 70(4c) of Regulation (EC) No 1698/2005 is hereby amended as follows:

(a) in the first subparagraph, the introductory phrase is replaced by the following:

"(4c) By way of derogation from the ceilings set out in paragraphs 3, 4 and 5, the EAFRD contribution may be increased up to a maximum of 95 % of eligible public expenditure in the regions eligible under the Convergence Objective and the outermost regions and the smaller Aegean Islands, and 85 % of eligible public expenditure in other regions. These rates shall apply to the eligible expenditure newly declared in each certified declaration of expenditure until the final date of eligibility of expenditure for the 2007-2013 programming period on 31 December 2015, where on 20 December 2013 or thereafter a Member State complies with one of the following conditions:";

(b) the second subparagraph is replaced by the following:

"A Member State wishing to make use of the derogation provided in the first subparagraph shall submit a request to the Commission to modify its rural development programme accordingly. The derogation shall apply from the approval, by the Commission, of the modification of the programme."

Article 6
Amendments to Regulation (EC) No 73/2009
Regulation (EC) No 73/2009 is hereby amended as follows:

(1) In Article 29, the following paragraph is added:

"5. By way of derogation from paragraph 2, Member States may, from 16 October 2014, pay advances to farmers of up to 50 % of the direct payments under the support schemes listed in Annex I in respect of applications made in 2014. In the case of beef and veal payments provided for in Section 11 of Chapter 1 of Title IV, Member States may increase that percentage to up to 80 %.

(2) Article 40 is replaced by the following:

"Article 40
National ceilings
1. For each Member State and for each year, the total value of all allocated payment entitlements, of the national reserve referred to in Article 41 and of the ceilings fixed in accordance with Article 51(2), Article 69(3) and Article 72b shall be equal to its national ceiling determined in Annex VIII."
2. Where necessary, a Member State shall make a linear reduction or increase in the value of all payment entitlements, or in the amount of the national reserve referred to in Article 41 or in both in order to ensure compliance with its national ceiling determined in Annex VIII.

Member States that decide not to implement Chapter 5a of Title III of this Regulation and not to use the possibility provided for in Article 136a(1) may decide, for the purpose of obtaining the necessary reduction in the value of payment entitlements referred to in the first subparagraph, not to reduce payment entitlements activated in 2013 by farmers who, in 2013, claimed less than an amount of direct payments to be determined by the Member State concerned; that amount shall not be higher than EUR 5 000.

3. Without prejudice to Article 26 of Regulation (EU) No 1306/2013 of the European Parliament and of the Council (*), the amounts of direct payments which may be granted in a Member State in respect of calendar year 2014 under Articles 34, 52, 53, 68 and 72a of this Regulation and for the aid to silkworm rearers under Article 111 of Regulation (EC) No 1234/2007 shall not be higher than the ceilings set out in Annex VIII to this Regulation for that year, reduced by the amounts resulting from the application of Article 136b of this Regulation for the calendar year 2014 as set out in Annex VIIIa to this Regulation.

Where necessary, and in order to comply with the ceilings set out in Annex VIII to this Regulation reduced by the amounts resulting from the application of Article 136b of this Regulation for the calendar year 2014 as set out in Annex VIIIa to this Regulation, Member States shall make a linear reduction in the amounts of direct payments in respect of calendar year 2014.

3. In Article 41(1), point (b) is replaced by the following:

"(b) the total value of all allocated payment entitlements and the ceilings fixed in accordance with Article 51(2), Article 69(3) and Article 72b of this Regulation.".

4. In Article 51(2), the following subparagraph is added:

"For 2014, the ceilings for the direct payments referred to in Articles 52 and 53 shall be identical to the ceilings determined for 2013, multiplied by a coefficient to be calculated for each Member State concerned by dividing the national ceiling for 2014 set out in Annex VIII by the national ceiling for 2013. This multiplication shall only apply to Member States for which the national ceiling set out in Annex VIII for 2014 is lower than the national ceiling for 2013."

5. In Article 68(8), the introductory phrase is replaced by the following:

"8. By 1 February 2014, those Member States that took the decision referred to in Article 69(1) may review that decision and decide, with effect from 2014, to:"

6. Article 69 is amended as follows:

(a) paragraph 1 is replaced by the following:

"1. Member States may decide, by 1 August 2009, by 1 August 2010, by 1 August 2011, by 1 September 2012, by the date of its accession in the case of Croatia, or by 1 February 2014, to use, from the year following such decision, from the first year of implementation of the single payment scheme in the case of Croatia, or in the case of a decision taken by 1 February 2014, from the year 2014, up to 10 % of their national ceiling referred to in Article 40, or, in the case of Malta, the amount of EUR 2 000 000 for the specific support provided for in Article 68(1):"

(b) in paragraph 3, the second subparagraph is replaced by the following:

"For the sole purposes of ensuring compliance with the national ceilings as provided for in Article 40(2) and making the calculation referred to in Article 41(1), the amounts used to grant the support referred to in point (c) of Article 68(1) shall be deducted from the national ceiling referred to in Article 40(1). They shall be counted as allocated payment entitlements.";

(c) in paragraph 4, the percentage "3.5 %" is replaced by "6.5 %";

(d) in the first sentence of paragraph 5, the year "2013" is replaced by "2014";

(e) in paragraph 6, the second subparagraph is replaced by the following:

"For the sole purposes of ensuring compliance with the national ceilings provided for in Article 40(2) and making the calculation referred to in Article 41(1), where a Member State makes use of the option provided for in point (a) of the first subparagraph of this paragraph, the amount concerned shall not be counted as part of the ceilings fixed under paragraph 3 of this Article.".
In Title III, the following Chapter is added:

"Chapter 5a

RE DISTRIBUTIVE PAYMENT IN 2014

Article 72a

General rules

1. Member States may decide, by 1 March 2014, to grant, for 2014, a payment to farmers who are entitled to a payment under the single payment scheme referred to in Chapters 1, 2 and 3 ("the redistributive payment").

Member States shall notify the Commission of their decision by 1 March 2014.

2. Member States which have decided to apply the single payment scheme at regional level in accordance with Article 46 may apply the redistributive payment at regional level.

3. Without prejudice to the application of financial discipline, of linear reductions as referred to in Article 40(3), and to the application of Articles 21 and 23, the redistributive payment shall be granted upon activation of payment entitlements by the farmer.

4. The redistributive payment shall be calculated by Member States by multiplying a figure to be set by the Member State, which shall not be higher than 65 % of the national or regional average payment per hectare, by the number of payment entitlements activated by the farmer in accordance with Article 34. The number of such payment entitlements shall not exceed a maximum to be set by Member States which shall not be higher than 30 hectares or the average size of agricultural holdings set out in Annex VIIIb if that average size exceeds 30 hectares in the Member State concerned.

5. Provided that the maximum limits set out in paragraph 4 are respected, Member States may, at national level, establish a graduation in the number of hectares set in accordance with that paragraph, which shall apply identically to all farmers.

6. The national average payment per hectare referred to in paragraph 4 shall be calculated by the Member States on the basis of the national ceiling set out in Annex VIIIc and the number of eligible hectares declared in accordance with Article 34(2) in 2014.

The regional average payment per hectare referred to in paragraph 4 shall be established by the Member States by using a share of the national ceiling set out in Annex VIIIc and the number of eligible hectares declared in the region concerned in accordance with Article 34(2) in 2014. For each region, this share shall be calculated by dividing the respective regional ceiling set in accordance with Article 46(3) by the national ceiling set in accordance with Article 40 for the year 2014.

7. Member States shall ensure that no advantage provided for under this Chapter is granted to farmers in respect of whom it is established that, after 18 October 2011, they divided their holding with the sole purpose of benefiting from the redistributive payment. This shall also apply to farmers whose holdings result from that division.

Article 72b

Financial provisions

1. In order to finance the redistributive payment, Member States may decide, by 1 March 2014, to use up to 30 % of the annual national ceiling set in accordance with Article 40 for claim year 2014. They shall notify the Commission of any such decision by that date.

2. On the basis of the percentage of the national ceiling to be used by Member States pursuant to paragraph 1 of this Article, the Commission shall adopt implementing acts fixing the corresponding ceiling for the redistributive payment. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 141b(2)."

In Article 90, paragraph 3 is replaced by the following:

"3. The amount of the aid per eligible hectare shall be established by multiplying the yields established in paragraph 2 by the following reference amounts:

Bulgaria: EUR 520.20
Greece: EUR 234.18
Spain: EUR 362.15
Portugal: EUR 228.00."

In Article 122, paragraph 3 is replaced by the following:

"3. The single area payment scheme shall be available until 31 December 2014."

In Article 124, paragraphs 1 and 2 are replaced by the following:

"1. The agricultural area of a new Member State under the single area payment scheme shall be that part of its utilised agricultural area which is maintained in good agricultural condition, whether or not in production, and, where appropriate, adjusted in accordance with the objective and non-discriminatory criteria to be set by that new Member State after approval by the Commission.
For the purposes of this Title, ‘utilised agricultural area’ shall mean the total area taken up by arable land, permanent grassland, permanent crops and kitchen gardens, as established by the Commission for its statistical purposes.

2. For the purpose of granting payments under the single area payment scheme, all agricultural parcels corresponding to the criteria provided for in paragraph 1, as well as agricultural parcels planted with short rotation coppice (CN code ex 0602 90 41), shall be eligible.

"Chapter 2a
REDISTRIBUTIVE PAYMENT IN 2014

Article 125a
General rules
1. The new Member States applying the single area payment scheme may decide, by 1 March 2014, to grant, for 2014, a payment to farmers who are entitled to a payment under the single area payment scheme referred to in Chapter 2 ("the redistributive payment for new Member States").

The new Member States concerned shall notify the Commission of their decision by 1 March 2014.

2. Without prejudice to the application of financial discipline and the application of Articles 21 and 23, the redistributive payment for new Member States shall take the form of an increase in the per hectare amounts granted under the single area payment scheme.

3. The redistributive payment for new Member States shall be calculated by Member States by multiplying a figure to be set by the Member State, which shall not be higher than 65 % of the national average payment per hectare, by the number of eligible hectares in respect of which the farmer is granted amounts under the single area payment scheme. The number of such hectares shall not exceed a maximum to be set by Member States which shall not be higher than 30 or the average size of agricultural holdings set out in Annex VIIIb if that average size exceeds 30 hectares in the new Member State concerned.

4. Provided that the maximum limits set out in paragraph 3 are respected, Member States may, at national level, establish a graduation in the number of hectares set in accordance with that paragraph, which shall apply identically to all farmers.

5. The national average payment per hectare referred to in paragraph 3 shall be established by the Member States on the basis of the national ceiling set out in Annex VIIIc and the number of eligible hectares declared under the single area payment scheme in 2014.

6. New Member States shall ensure that no advantage provided for under this Chapter is granted to farmers in respect of whom it is established that, after 18 October 2011, they divided their holding with the sole purpose of benefiting from the redistributive payment for new Member States. This shall also apply to farmers whose holdings result from that division.

Article 125b
Financial provisions
1. In order to finance the redistributive payment for new Member States, new Member States may decide, by 1 March 2014, to use up to 30 % of the annual national ceiling referred to in Article 40 for claim year 2014, or for Bulgaria and Romania, of the amounts set in Annex VIIId. They shall notify the Commission of any such decision by that date.

The annual financial envelope in Article 123 shall be reduced by the amount referred to in the first subparagraph.

2. On the basis of the percentage of the national ceiling to be used by the new Member States concerned pursuant to paragraph 1 of this Article, the Commission shall adopt implementing acts fixing the corresponding ceiling for the redistributive payment for new Member States and the corresponding reduction of the annual financial envelope referred to in Article 123. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 141b(2)."

(12) In Article 131, paragraph 1 is replaced by the following:

3. The aid under this Article may be granted to farmers in sectors in respect of which transitional national aid pursuant to Article 133a or, in the case of Bulgaria and Romania, complementary national direct payments pursuant to Article 132 were granted in 2013.

4. The conditions for granting the aid under this Article shall be identical to those authorised for the granting of payments pursuant to Articles 132 or 133a in respect of 2013, with the exception of the reductions due to the application of Article 132(2) in conjunction with Articles 7 and 10.

5. The total amount of aid that may be granted to farmers in any of the sectors referred to in paragraph 3 shall be limited to 80 % of the sector–specific financial envelopes in respect of 2013 authorised by the Commission in accordance with Article 133a(5) or, in the case of Bulgaria and Romania, in accordance with Article 132(7).

For Cyprus, the sector–specific financial envelopes are set out in Annex XVIIa.

As a result, the corresponding amount shall no longer be available for granting direct payments.

The decision referred to in the first subparagraph shall be notified to the Commission by 31 December 2013. That decision shall set out the percentage referred to in that subparagraph, which may vary by calendar year.

Member States which do not take the decision referred to in the first subparagraph in respect of calendar year 2014 may, by 1 August 2014, take that decision, in respect of calendar years 2015 to 2019. They shall notify the Commission of any such decision by that date.

2. By 31 December 2013, Member States which do not take the decision referred to in paragraph 1 may decide to make available as direct payments up to 15 % or, in the case of Bulgaria, Estonia, Spain Latvia, Lithuania, Poland, Portugal, Romania, Slovakia, Finland, Sweden and the United Kingdom, up to 25 % of the amount allocated to support for measures under rural development programming financed under the EAFRD in the period 2015-2020 as specified in Regulation (EU) No 1305/2013. As a result, the corresponding amount shall no longer be available for support measures under rural development programming.

The decision referred to in the first subparagraph shall be notified to the Commission by 31 December 2013. That decision shall set out the percentage referred to in that subparagraph which may vary by calendar year.
Member States which do not take the decision referred to in the first subparagraph in respect of financial year 2015 may, by 1 August 2014, take that decision in respect of financial years 2016 to 2020. They shall notify the Commission of any such decision by that date.

Member States may decide to review the decision referred to in this paragraph with effect for financial year 2019 and 2020. Any decision based on such review shall not result in an increase of the percentage notified to the Commission in accordance with the first, second and third subparagraphs. Member States shall notify the Commission of any decision based on such review by 1 August 2017.

3. In order to take account of the decisions notified by Member States in accordance with paragraphs 1 and 2, the Commission shall be empowered to adopt delegated acts, in accordance with Article 141a, reviewing the ceilings set out in Annex VIII.

3. The delegation of power referred to in Article 11a, Article 136a(3) and Article 140a may be revoked at any time by the European Parliament or by the Council. A decision to revoke shall put an end to the delegation of the power specified in that decision. It shall take effect the day following the publication of the decision in the Official Journal of the European Union or at a later date specified therein. It shall not affect the validity of any delegated acts already in force.

4. As soon as it adopts a delegated act, the Commission shall notify it simultaneously to the European Parliament and to the Council.

5. A delegated act adopted pursuant to Article 11a, Article 136a(3) and Article 140a shall enter into force only if no objection has been expressed either by the European Parliament or the Council within a period of two months of notification of that act to the European Parliament and the Council or if, before the expiry of that period, the European Parliament and the Council have both informed the Commission that they will not object.
