

Circular 44/2015

11th December 2015

To: GLAS Advisors

Re: **GLAS Tranche 2 Submission of Applications**

Dear Advisor

Circular 43/2015 extended the deadline for submission GLAS Tranche 2 application to 23hr59, 14 December 2015. However the Department is aware that there are a limited number of applications which have technical issues that are currently preventing their final submission. There is ongoing work on these issues at present.

In this context it has been decided that while GLAS Tranche 2 will still close for applications at 23hr59 on 14 December, the system will reopen from **15-18 December** to allow applications which require a technical fix to be rectified and then submitted up to 18.00hrs on 18 December.

Please note that this additional flexibility is confined to applications which have been registered on the system before the existing deadline and which proved impossible to submit due to technical problems not of the applicant's making. All cases which can be submitted before the deadline must be submitted.

Any new applications created after 23hr.59 on 14 December will be ineligible for GLAS Tranche 2 and will be automatically rejected.

The Department would like to take this opportunity to reiterate that Tier 1 and Tier 2 applications are the priority applications for this Tranche.

We would still advise that you don't leave it until the last minute to submit your application. If it has been prepared, saved and validated and you are satisfied that you have chosen the correct actions, submit now. Remember unless you click the submit button, the application is not submitted.
