19.	FSAI and DAFM will ensure strict enforcement of EU labelling laws.	DAFM	ONGOING	DAFM confirmed this is ongoing
20.	DAFM to engage with potential Beef Producer Organisations and provide guidance on the application process.	DAFM	ONGOING	DAFM is proactively engaging with several potential beef Producer Organisations and providing guidance. The first beef PO was approved by DAFM in Sept 2019 & second one in Oct 2019. DAFM have had initial engagement with ICOS on the role of Co-ops
21.	Live exports are a critical outlet to improve competition in the sector. DAFM is committed to a continued strategic focus in facilitating and developing this trade on a sustainable basis, taking account of stringent animal health and welfare standards.	DAFM	ONGOING	Ongoing task and written updates provided on specific issues raised.
22.	DAFM and Bord Bia are actively engaging with the EU Commission on the development of a Protected Geographical Indication for Irish beef.	DAFM, BB	ONGOING	DAFM is working closely with Bord Bia. Further engagement with the EU Commission over recent months in advance of submitting a PGI application, with a view to having as inclusive a PGI as possible. Finalisation of draft documentation currently taking place.

23.	Bord Bia will further intensify promotional activity for Irish beef across key EU markets and China.	BB	ONGOING	In the light of the market disruption caused by COVID Bord Bia has revised its promotional programme across key European and international markets. This included a switch to online promotional activity aimed at consumers that shop at supermarkets selling Irish beef. A revised plan for each market has been developed to focus on strong utilisation of the network of chefs that actively use Irish beef to have them act as the first line of promotion - through their social media channels. In China much of the focus over recent months has been promoting Irish beef through the e-commerce channel which has seen a dramatic increase in sales. This provides the opportunity to build the profile of Irish beef with Chinese consumers. As the foodservice sector recovers in China a sustained campaign focusing on the channel will be rolled out.
24.	Review of hot & cold weighing system	Teagasc	Q1 2020	Teagasc has carried out a literature review and concluded that the Irish average of 2% is in line with global averages. The factors for this were outlined in an oral presentation.

Any individual cases where breaches are claimed should be notified direct to MII for referral. In relation to Actions 25 -30, it was agreed that once all actions are in place, this should be publicised so farmers are aware of their options.
31.	Blockades and protests will be removed immediately and all parties to this agreement will ensure that this happens.	FARM BODIES	Q3 2019	Implemented.
32.	Thereafter, beef processors undertake that all legal proceedings against farm organisations and/or individual farmers will be withdrawn in relation to this matter.	MII	Q3 2019	Implemented.
33.	Parties agree that any future disputes that arise should, in the first instance, be brought before the Beef Market Taskforce, in order to maintain the integrity of the Agreement.	FARM BODIES, MII	ONGOING	Commitment re-iterated.

Additional Stakeholder Points from August meetings

No	Action Agreed	Lead	Timeline	Update
34.	Stakeholders agreed that additional funding for targeted direct support for suckler cows is required as a priority.	DAFM	ONGOING	The BEEP-S (Beef Environmental Efficiency Programme - Sucklers) was launched on 9 th March with a closing date of 15 th May.
35.	Stakeholders agreed that in the context of Brexit, support is urgently required to ensure that effects on all farmers producing beef are mitigated.	DAFM	ONGOING	In the event of a 'No Deal' Brexit the Minister for Public Expenditure and Reform has confirmed that the Government will provide a 'No Deal' contingency fund to support our most vulnerable sectors, with up to €650 million available overall, to be activated in tranches as the full impacts of Brexit emerge. First tranche of No Deal Brexit supports to be €110m
36.	Stakeholders agreed on the need to fully fund CAP and protect its share of the EU Budget, and to ensure that the current level of direct payments to Irish beef farmers is protected.	DAFM	ONGOING	DAFM will continue to lobby for the strongest possible CAP budget and continued support at EU level.
37.	There was a demand from the stakeholders that the Irish Government should seek the invocation by the EU of the WTO safeguard clause to reduce the level of beef imports from third countries. Furthermore, it should be ensured that imports which do not meet the same stringent standards as EU producers are banned.	DAFM	ONGOING	DAFM will continue to lobby for continued support at EU level.
