PASSPORTS FOR EQUINES

Horses, ponies and donkeys must have passports

Microchip
All equines issued with a passport from 1st July 2009, must have a corresponding micro-chip inserted by a veterinary surgeon.

- Foals – obtain a passport before 31 December of the year of birth or within 6 months following the date of its birth, whichever occurs later.
- Adult horse without a passport – obtain a passport immediately
- Passports must accompany horses, ponies and donkeys whenever they are moved
- No passport no movement
