To whom it may concern

I am writing this email to show my full support for the amendment to the Forestry Appeals Act.

Thousands of rural jobs are on the line due to the long delays within the licensing process caused by FAC.

The FAC cannot cope with the workload.

This is hindering forestry activity and damaging the industry.

It is vital that the FAC is reformed to make it fit for purpose.

I am working in the forestry industry for close to 20 years and livelihoods are at stake here.

Best Regards
