

Moroney Landscaping Ltd

As a small company in rural Ireland, based in [REDACTED] I support the amendment to the Forestry Appeals Act. Our business comprises of 75% forestry establishment and maintenance and 25% landscaping.

The changes within the forestry industry have lead to the laying-off of two employees and numerous part-time staff - this is solely due to the slowdown in the forestry sector.

We therefore welcome changes and improvements to the Forestry Appeals Act.

regards

Director

Moroney Landscaping Ltd
