Dear Sir

I am emailing you pledging my support for the upcoming forestry bill. We are a small business within the forestry sector here in Ireland and between direct employees and subcontractors, we employ over --- people who all rely on the sector.

Due to the current problems within the industry, it is vital that this bill is passed as otherwise the forest industry in Ireland will collapse.

There are 10's of thousands of livelihoods at stake here and the current situation needs addressing IMMEDIATELY.

I hereby pledge my support for the passing of this bill.

Yours sincerely

RJS Tottenham Ltd
