

Lynx Haulage Ltd

To whom it may concern,

I am emailing to urge you to pass the Forestry Bill.

We are a small haulage company and 50% of our work is transporting bark chips and sawdust to and from different sawmills around the country.

If this bill is not passed the mills may have to close up and we have already had a tough time with coronavirus trying to keep going.

The loss of jobs in this sector will be massive, as well as the loss to small companies like ourselves.

Kind regards,
Lynx Haulage Ltd.
