## **I - FOREWORD**

### **National Catalogue of Agricultural Plant Varieties 2017**

The National Catalogue of Agricultural Plant Varieties is published yearly. This current publication provides information on the varieties registered on the catalogue on 1<sup>st</sup> January 2017 and the varieties deleted from the catalogue during 2016. It is published to comply with the provisions of Directive 2002/53/EC on the Common Catalogue of varieties of agricultural plant species which are implemented in Ireland by European Communities (National Catalogue of Agricultural Plant Varieties) Regulations, 2002 - S.I. No. 525 of 2002 - made under the European Communities Act, 1972.

The Catalogue includes conservation varieties of agricultural plant species in accordance with certain derogations to the relevant EU Marketing Directives provided for by Commission Directive 2008/62/EC, which is implemented in Ireland by European Communities (Marketing of Seeds) Regulations 2009 – S.I. No. 431 of 2009.

Each variety is listed with its name, registration number, maintainer, the date it was first registered, proposed deletion date and, if appropriate, the year in which its registration has been renewed. In the Tables, conservation varieties are indicated by the title above them. In cases where conservation varieties are known by more than one denomination, they are presented once only in the Tables, with the denominations presented together in alphabetical order. The full name and address of the maintainers, as indicated by code number in the Catalogue, are shown in the Annex to the Catalogue. In the case of a variety deleted from the Catalogue in the 2016 calendar year, any remaining stocks of seed may be marketed up to 30 June 2019 unless an entry in respect of that variety in the EU Common Catalogue of Varieties of Agricultural Plant Species allows a longer period.

Varieties may be added to the Catalogue only if they comply with the requirements prescribed in Directive 2002/53/EC relating to distinctness, uniformity and stability (DUS), and value for cultivation and use (VCU). In the examination of new varieties, both the characteristics covered and the conditions under which the examinations are carried out are at least those prescribed in Directive 2005/91/EC. Application for inclusion of a variety in the National Catalogue should be made to the Department of

Agriculture, Food and the Marine, Crops Evaluation & Certification Division,  
Backweston Farm, Leixlip, Co. Kildare, Ireland.

For agricultural plant varieties; entry to Ireland's seed certification scheme and marketing of seed in Ireland is limited to varieties registered on Ireland's National Catalogue of Agricultural Plant Varieties and/or the EU Common Catalogue of Agricultural Plant Varieties.

Note: There is no National Catalogue of Vegetable Plant Varieties published in Ireland. All vegetable seed sold in Ireland must conform to EU rules and standards and must be of varieties listed in the EU Common Catalogue of Varieties of Vegetable Species.

## II – ADDITIONS TO THE CATALOGUE

The varieties shown here are new registrations made during the year 2016. These varieties are included with other varieties in section III – LIST OF AGRICULTURAL PLANT VARIETIES ON THE NATIONAL CATALOGUE ON 1<sup>st</sup> JANUARY 2017.

Variety	Reg Number	Maintainer Code	Date Registered
---------	---------------	--------------------	--------------------

### **Perennial Ryegrass (*Lolium perenne* L.)**

Xenon	542	230	05/02/2016
Elysium	549	1	30/12/2016

### **Oats (*Avena sativa* L.)**

Keely	548	115	04/10/2016
-------	-----	-----	------------

### **Wheat (*Triticum aestivum* L.)**

Garrus	545	317	17/06/2016

#### IV – DELETIONS FROM THE CATALOGUE

List of varieties deleted from the National Catalogue of Agricultural Plant Varieties during the year 2016.

Species	Variety	Maintainer Code	Date Deleted
<b>Fodder Beet (<i>Beta vulgaris</i> L.)</b>			
	Kyros	43	31/12/2016
<b>Barley (<i>Hordeum vulgare</i> L.)</b>			
Spring	Spotlight	118	31/12/2016
	Wicket	118	31/12/2016
Winter	Sequel	118	31/12/2016
<b>Maize (<i>Zea mays</i> L.)</b>			
	Benicia	299	31/12/2016
	Schumi	249	31/12/2016

Any seed stocks of the above varieties may be marketed in the Irish Republic up to 30 June 2019, unless an entry in respect of that variety in the EU Common Catalogue of Varieties of Agricultural Plant Species allows for a longer period.
