Nine specific objectives of the Common Agriculture Policy post 2020

support viable farm income and resilience across the Union to enhance food security;

(a) enhance market orientation and increase competitiveness, including greater focus on research, technology and digitalisation;

(b) improve the farmers’ position in the value chain;

(c) contribute to climate change mitigation and adaptation, as well as sustainable energy;

(d) foster sustainable development and efficient management of natural resources such as water, soil and air;

(e) contribute to the protection of biodiversity, enhance ecosystem services and preserve habitats and landscapes;

(f) attract young farmers and facilitate business development in rural areas;

(g) promote employment, growth, social inclusion and local development in rural areas, including bio-economy and sustainable forestry;

(h) improve the response of EU agriculture to societal demands on food and health, including safe, nutritious and sustainable food, food waste, as well as animal welfare.

Those objectives shall be complemented by the cross-cutting objective of modernising the sector by fostering and sharing of knowledge, innovation and digitalisation in agriculture and rural areas.
